

Casalecchio di Reno, 23th March 2020

**Subject: Update 23.03 COVID-19 situation**

To the kind attention of the Fanti Group partners, customers and suppliers,

We hereby update you following the strengthening of the health prevention measures implemented by the Italian government disclosed on the evening of March 21st.

The implications of the decree are still being defined, so the information reported below may change in the coming days:

- Today **all our Italian production sites** (Giorgio Fanti, ICM, Venegoni, Polibox Italiana) **are open and operational**, with the **exception of P cans** for which assessments are underway with the institutional bodies regarding the effects of the decree.
- There may be some delays and changes in production or transportation plans related to the extraordinary conditions we are experiencing.
- Our production site in Bucharest, Romania remains operational as it is not affected by the decree.

We remain committed to constantly updating you through our email and our website [www.gruppofanti.com](http://www.gruppofanti.com)

As usual, we remain available for any clarification.

Yours sincerely,

Stefano Fanti
