

Casalecchio di Reno, 9 Mars 2020

To the kind attention of the Fanti Group partners, customers and suppliers,

Following the recent developments related to the COVID-19 epidemic we believe it is important to share with you all the necessary info in order to proactively and responsibly face this new global crisis. Our aim is to inform you about the measures adopted to prevent and contain the spread of the virus.

- **The situation:** As many of you know, the Italian government has launched new provisions that limit the movement of citizens in large areas of Northern Italy. The "red areas" from which it was not possible to enter and leave have been removed and have been replaced by "orange areas" in which freedom of movement is permitted for specific activities, including work. This allows us to continue our operations without constraints, as our employees are free to go to the workplace without restrictions and the movement of goods and cross-border transport is guaranteed.
- **Our production sites:** Four of our production sites are located within these orange areas - ICM (Parma); Venegoni (Novara); Polibox Italiana (Lodi); Pcans (Rimini) - whereas the main production site of Giorgio Fanti located in Bologna and the production site of GII (Romania) are not in any way affected by these extraordinary measures.
- **Procedures to be followed:** The Fanti Group, in the last two weeks, has adopted preventive measures in order to protect the health of its employees, customers and suppliers. At the moment we have not registered any infection among our employees, nor are we aware of infected staff among our partners. We remind all those who load or unload goods in our warehouses to communicate to their drivers to strictly regard the following rules:
  - Stop and wait outside the defined areas;
  - Wear your own protective mask;
  - Sanitize your hands with the appropriate disinfectant;
  - Return to your vehicle.

Given the rapidly evolving circumstances, it is very difficult for us to foresee what the future developments may be. We will therefore be in charge to keep you constantly informed, through our email bulletins and our website [www.gruppofanti.com](http://www.gruppofanti.com)

As usual, we remain available for any clarification.

Kind regards,

**GIORGIO FANTI S.p.A.**
