ECO RIVEST

Rivestimento ecologico per ridurre gli scarti

Plastic bag inliner for pails

Nuova vita ai secchi in plastica e in metallo

Polibox Italiana, società partner del Gruppo Fanti, lancia il suo nuovo brevetto: si chiama Eco-Rivest ed è un sacchetto di polietilene che inseriamo nei secchi con diametro 292 mm.

Quali sono i vantaggi?

- Il secchio viene fornito con Eco-Rivest già montato
- Facile da rimuovere
- Pronto per l'utilizzo, nessun lavoro manuale aggiuntivo necessario
- Altamente resistente a solleciti durante il mescolamento del prodotto
- Design pulito e lineare
- Perfettamente aderente alle pareti del secchio
- Impilabilità dei secchi

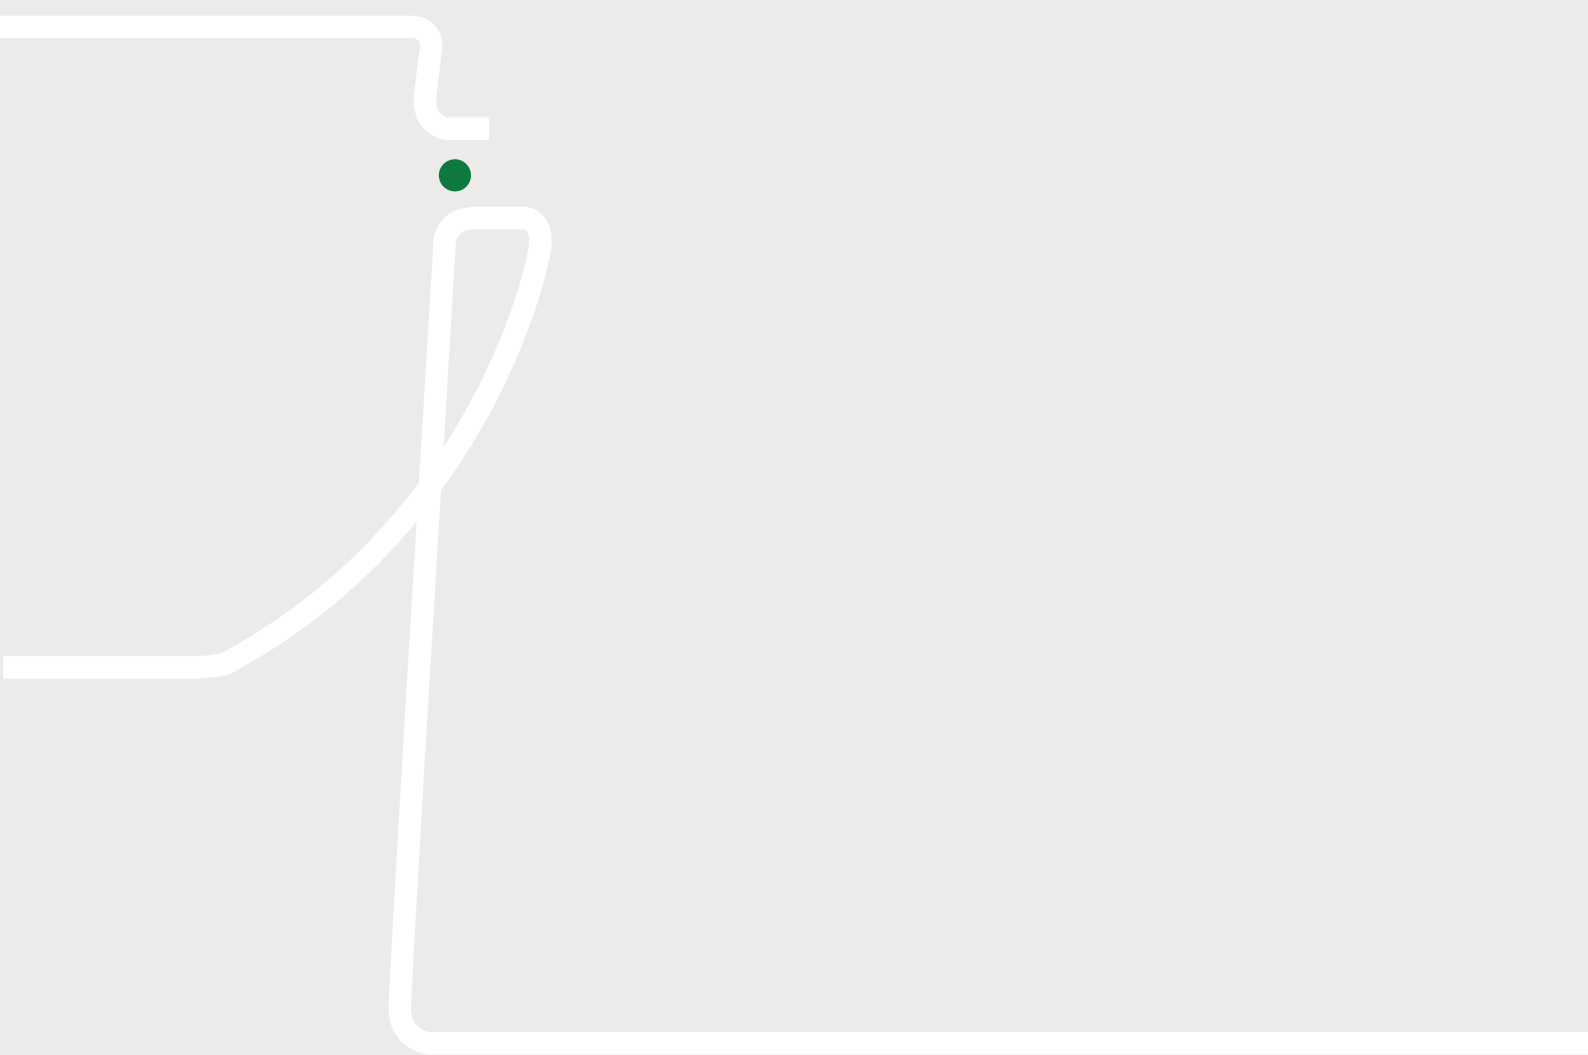

A brand new item designed for recycling

Eco-compatible inside lining for metal and plastic pails patented by our partner company Polibox Italiana

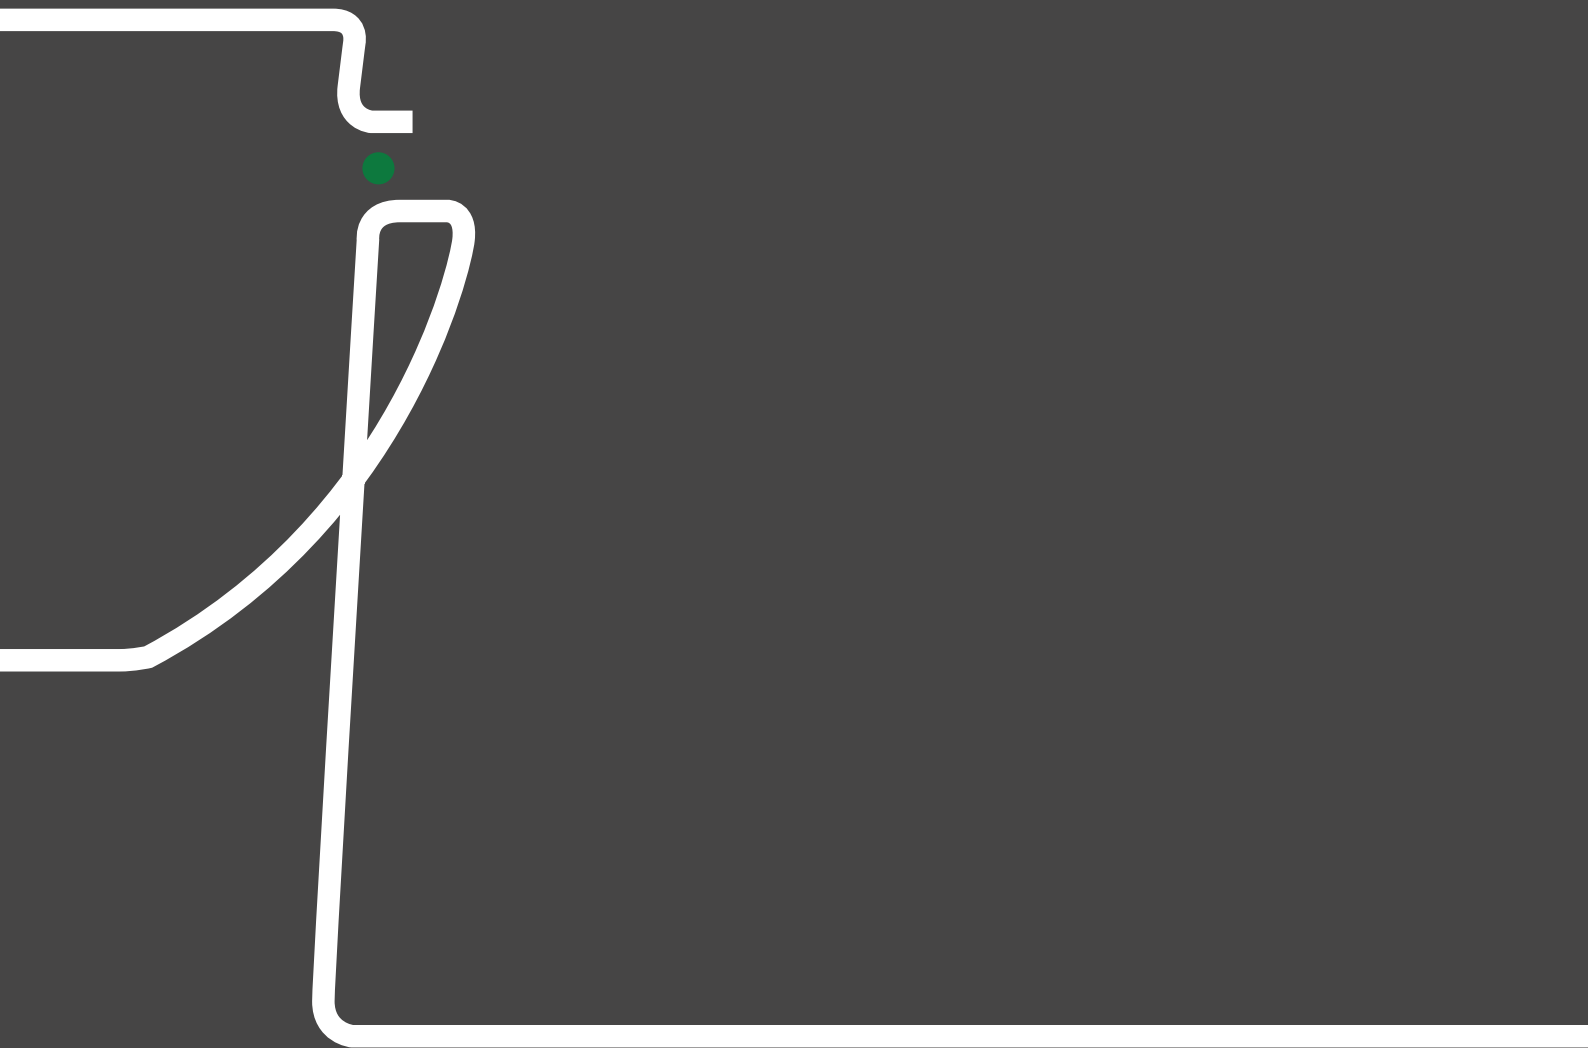

What are the advantages?

- *Ready to use, no additional work needed*
- *Easy to remove*
- *Highly resistant to scratches during the mixing of the product*
- *We supply the pails with the inliner already inserted*
- *Sharp and clean look of the inliner*
- *Perfectly adherent to the pail*
- *The pails are nestable*
- *The pails with ECO-RIVEST come with UN approved ring & latch closure.*
